*serving size may vary according to the type of grass juice powder

FEATURES

- Gentle process to retain nutrition at full potency
- 100% organic, cold-pressed grass juice used, no carrier added
- Rich in vitamins, minerals and phytochemicals like chlorophyll

PRODUCT CATEGORIES

- Cleanse and detox
- Weight management
- Immune health

There are three varieties that we offer under the Organic Grass Juice Powder Range including barley grass, oat grass and wheatgrass. The product is made from 100% organic, cold-pressed grass juice which is then spray-dried by a patented technology called BioActive Dehydration™. This gentle drying process allows the fresh grass juices to be dried at less than 41°C, which well preserves the robust colour, flavour and nutrients. All organic grasses used are grown in the mineral-rich soil of an ancient seabed in remote Delta, Utah. This product can be used in various applications like smoothies, juices to support general health.

SPECIFICATIONS

Physical & Chemical Characteristics

Solubility	Water soluble
Particle Size	< 0.47mm
Moisture	< 7.0%
Gluten	< 15ppm

Microbiological

Standard plate count	< 5,000,000 cfu/g
Yeast	< 5,000 cfu/g
Mould	< 5,000 cfu/g
E.coli	< 3 MPN/g
Staphylococcus aureus	Absent/10g
Salmonella spp	Absent/25g
Listeria spp	Absent/25g

OTHER CHARACTERISTICS

Colour	Dark green
Taste	Characteristic of fresh grass juice
Certification	US NOP, Kosher, NSF & SQF
Allergens	Free from input of GMO, dairy, soy, gluten, additives & carriers
Safety	Food Grade, suitable for human consumption
Shelf life	Best Before 30 months stored in original sealed bag
Storage condition	Store in cool, dry places (<23°C is ideal) and avoid direct contact with sunlight
Packaging	2 x 10kg foil bag per cardboard carton

TYPICAL DATA (All Figures Based on Independent Analysis)

Labelling

Organic cold-pressed grass juice powder; Organic grass juice powder
