The **Keto Blend** combines premium C8 MCT Coconut Oil powder, Grass-Fed Butter powder, refined Coconut Oil powder, Milk Protein powder and Organic Ghee powder. The overall blend has a high fat content and produces a creamy mouthfeel with the addition of milk protein. Soluble tapioca fibre and acacia gum encapsulate the oil powders, which allows for zero carbohydrates but offers a blend with beneficial dietary fibre, making it suitable for a keto diet. The Keto Blend dissolves well in hot or cold beverages and can be used in many applications, such as coffee creamers, protein powders, and various ketogenic formulations.
